Hi,
I noticed that my case was published with my IFP form unredacted. I had called Monday June 15th and confirmed that my sealing/redaction motion was associated with my case while my case was not yet opened then. I am very concerned because it seems that these materials were made public despite an explicit motion for sealing them having been filed, and there is no associated order or denial from a judge for this motion.

I was explicitly instructed to have certain PII redacted in my IFP materials from federal law enforcement, and this procedural irregularity and disregard for the motion has or will very likely cause irreparable harm.

Subject: Request to Restrict Public Access to Unredacted IFP Affidavit - Case No. 1:26-cv-01601

CAUTION - EXTERNAL:

Hello,

I filed Case No. 1:26-cv-01601 late Friday afternoon as a pro se plaintiff. While my public complaint and other initiating documents use my PMB mailing address, the Austin Division IFP financial affidavit contains my residential address.

Due to personal safety and retaliation concerns, I have prepared a formal Motion to Restrict Access to Unredacted IFP Affidavit and Substitute Redacted Copy, along with a redacted public version of the IFP affidavit. The motion seeks to redact only my residential address and a non-party family member's name related to vehicle title. I've submitted this via the dropbox and plan to follow up in person first thing Monday morning.

In the meantime, I respectfully request that the Clerk's office take any available steps to prevent the unredacted IFP financial affidavit from being made publicly available on PACER until the Court has an opportunity to consider the motion. If this type of request should be directed to a specific person or department that handles post-filing privacy or restricted access matters, I would appreciate being directed accordingly.

Thank you for your assistance.

Best regards,

Cory Bennett

Thank you for your inquiry.

Upon review of the documents on the docket, we see no motion to seal. Please file any motions you wish the court to review.

Contact the Austin Divisional Office at (512) 916-5896 directly for further assistance with this case.

Hi,
I have an audio recording from June 15th confirming receipt of that motion to seal filed June 13th. This was also confirmed over the phone June 12th and over the attached email. This is plainly inconsistent with Federal Rule of Civil Procedure 5.2 and local privacy rules.
